Case Study

Business Overview
One of the largest healthcare services company with more than 800 clients. They help hospitals transition from volume to value-based care, enhance the consumer and patient healthcare experience and improve quality, access to healthcare and control costs. They also provide technology and health management services to support care management for over 5 million lives.

Objective
- Build Brand Awareness - Generate impressions with targeted accounts
- Establish Thought Leadership - Grow qualified traffic to the website and resource center
- Generate Qualified Leads - Increase opt-ins for gated content, consultations, and requests for proposal

Obstacles
- Best kept secret in the Healthcare Management space
- Being out marketed by smaller competitors
- Having a unique value prop relevant to the target market

Solutions

Our objective was to leverage digital marketing tactics and Account Based Marketing (ABM) to target the top 75 Health Systems to:

1. Generate branded impressions with target audience
2. Establish the company as a thought leader and deliver qualified traffic to their resources section of their website
3. Generate opt-ins to gated thought leadership content
4. Generate leads for initial consultations and request for proposals

The tactics we used were:

1. Content marketing (white papers, social content) for thought leadership
2. IP Targeting Health Systems headquarters with branded display ads
3. Targeting key industry events with branded display ads
4. Run social campaigns to promote thought leadership content
5. Search Engine Optimization of website for targeted key phrases
6. Retargeting web visitors with offer to opt-into gated thought leadership content
7. Paid Search Campaign for most relevant search terms in the industry
